1. The meeting was called to order and introductions were made.
2. Wendy Alfsen of *California Walks* gave the coalition a brief presentation on the importance and benefits of community walkability.
3. The coalition headed out on foot with Ms. Alfsen to conduct a walkability assessment of the areas around the Lompoc Hospital and Hapgood Elementary School. The route started and ended at the entrance to the hospital on C Street at Hickory Street. The walking route is mapped below. A power point presentation of the walking assessment and observations is available. Coalition members were asked to complete a checklist based on what they observed while walking the route.

4. Meeting adjourned.

The next meeting will be Thursday October 29, 2009 at 12:00pm in the West Conference Room.
